

# STUDENT-HUB

## **1. Problem Scope**

StudentHub is a web-based portal designed to simplify student-related activities in one place. Students can register, log in, view their profile, attendance, results, fee status, assignments, and notices. The portal reduces paperwork and provides quick access to academic information.

## **2. User Roles**

### **1. Student**

- Register/Login
- View Profile
- Check Attendance
- View Results
- View Fees
- View Assignments

- Update Profile

## **2. Admin**

- Manage Students
- Upload Results
- Update Attendance
- Manage Assignments
- Manage Notices
- Manage Fees

## **3. Key Modules**

- Home
- Registration
- Login
- Student Dashboard
- Student Profile
- Attendance
- Results
- Fee Details

- Assignments
- Notices
- About

## EDIT PROFILE :

The image shows a wireframe for an 'Edit Profile' form. At the top is a dark purple header bar with the text 'Edit Profile'. Below this is a large, empty rectangular area for the form content, outlined with a thin blue border and small blue 'x' marks at the corners and midpoints. Inside this area, the text '[ Field ] Full Name [ Field ] Email [ Field ] Phone [ Field ] Course / Year [ Field ] Skills' is displayed. At the bottom of the form area, there are two buttons: a dark green button on the left labeled '[ Save Changes ]' and a light gray button on the right labeled '[ Cancel -> Profile ]'. A blue arrow points from the top of the 'Save Changes' button to the bottom of the 'Cancel' button.

Conclusion :-

## CONCLUSION

The StudentHub project provides a well-structured and user-friendly web portal designed to bring important student-related activities together in one place. The

proposed system includes essential modules such as registration, login, dashboard, profile management, attendance, results, assignments, events, notices, FAQ, feedback, contact, and an admin panel. The sitemap and wireframes provide a clear structure for navigation and demonstrate how students and administrators can interact with the system efficiently.

Overall, StudentHub aims to reduce paperwork, improve accessibility to academic information, and provide a convenient digital platform for managing student activities. The project establishes a strong foundation for developing a complete, organized, and efficient student management portal.
